## Board of Director Profile

### Jeff Nesbitt, B.A., MBA

**Jeff Nesbitt** is a highly respected business technology executive who has held several leadership positions within private sector organizations including his current role in Agfa HealthCare—a leading provider of information technology enabled clinical workflow and diagnostic imaging solutions in the medical field. He has a Master of Business Administration from Wilfrid Laurier University and an undergraduate degree in Economics and Computer Science, with an Environmental Economics specialization from the University of Waterloo.

Jeff's vast expertise in information technology, knowledge exchange and collaborative web tools will enable My Sustainable Canada to thrive as a national web-based community.

In addition to serving as a board member of My Sustainable Canada, Jeff devotes many hours to socially responsible volunteer activities. An active member of Communtech, an association representing Waterloo Region technology companies, Jeff builds relationships that advance the goals of corporate social responsibility amongst members of this business community.

Jeff also serves as a board member of the St. Mary's Hospital Foundation, where he is helping to formulate strategic partnerships between regional hospitals and technology organizations.

Environmentally responsible, Jeff and his wife are in continual pursuit of a low carbon footprint lifestyle. This is apparent around their home and in their transportation choices. You can contact Jeff through: [www.jeffnesbitt.ca](http://www.jeffnesbitt.ca).
